# Bioinformatics Core Group

(Past and present)

*Enjoying a cream tea at the Ashmolean a few years ago*

*Welcoming Matthieu to the group in one of the rare weeks pubs were open in 2020*

# MSc in Genomic Medicine

- New MSc in Genomic Medicine starting October 2022
- Based at WHG and directed by Julian Knight with co-directors Helen Lockstone, Delia O'Rourke, Usha Kini and Calli Dendrou
- Course officer – Jamie Musson
- Course tutor – Heba Shower (starting in August 2022)

- MSc joins the existing DPhil in Genomic Medicine and Statistics at WHG, and together form critical training platform for careers in academia, healthcare or industry
- Teaching throughout Michaelmas Term on both programmes and some training will be opened out to WHG.... more information later this year
