

## -- Create a repl.it account in 5 minutes or less --

1. Go to <https://repl.it/signup>
2. Type in a username, your e-mail and a password.  
Alternatively you can use an existing Google, Github or Facebook account (in which case repl.it will ask you to specify a username in step 4)
3. Go to your e-mail to verify your account, if you have not received an e-mail yet, you can continue to step 4 and come back to step 3 in a minute.

Hi mjmiossec,

Thanks for signing up to Repl.it! We want to make sure that we got your email right. Verifying your email will allow you to engage in our community, [Repl Talk](#). Please verify your email by clicking the link below.

### [Complete Verification](#)

If you cannot click on the link, copy and paste the following URL into a new tab in your browser:

<https://repl.it/data/user/verify/618b0138613442884bd1d7f03864b3b5>

4. Answer a few questions about why you are using repl.it. Here is an example. →
5. Pick Python + two other languages (even if you are only interested in Python). You can select Java and HTML if you are not sure. Don't overthink it.

what languages are you primarily interested in?

3 selected (Python, Java, HTML, CSS, JS)

<input checked="" type="checkbox"/> Python	<input type="checkbox"/> Node.js
<input checked="" type="checkbox"/> Java	<input type="checkbox"/> C++
<input checked="" type="checkbox"/> HTML, CSS, JS	<input type="checkbox"/> Scheme
<input type="checkbox"/> Rust	<input type="checkbox"/> Clojure
<input type="checkbox"/> Kotlin	<input type="checkbox"/> QBasic
<input type="checkbox"/> LOLCODE	<input type="checkbox"/> BrainF

hey @mjmiossec, lets get started!

what's your skill level?

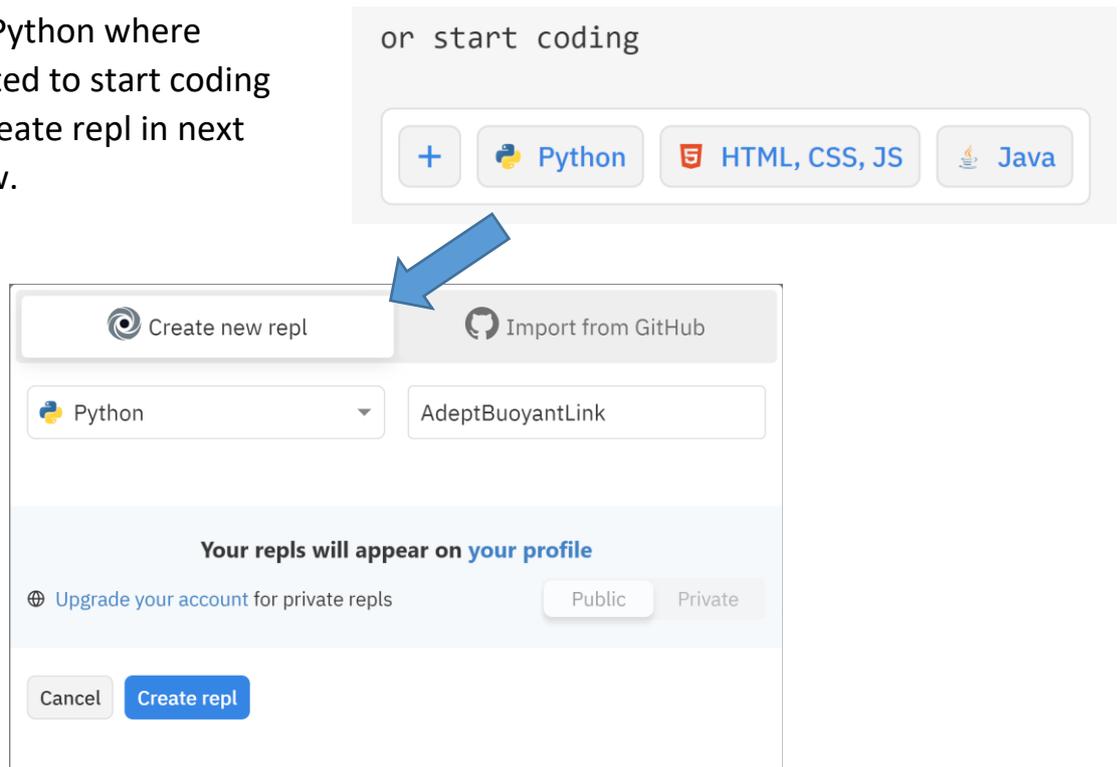

- just poking around
- brand new
- some experience
- very experienced

and what are you most interested in?

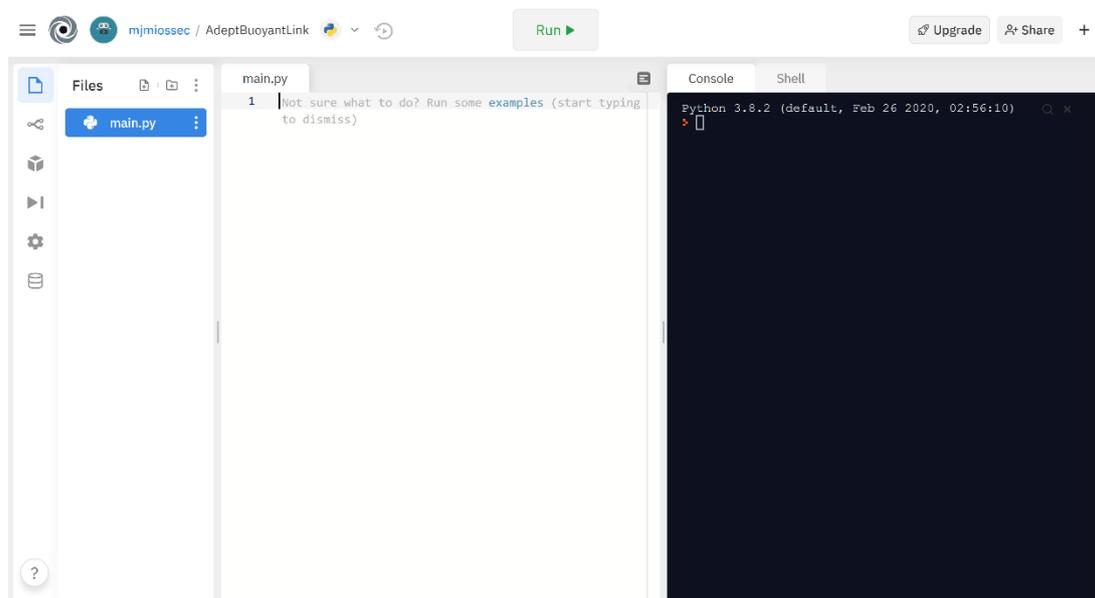

- building/prototyping a project idea
  - learning
    - in a school or institute
    - self learner
  - teaching
  - sharing my programs with a community
- > other (please specify)
- next

## -- Create a repl.it account in 5 minutes or less --

6. Select Python where prompted to start coding then create repl in next window.

7. Ready! Let's get started!

(If you accidentally close your browser window at any point, log back in to [repl.it](https://repl.it) and navigate to *My repls* to find your console again)
